

CELEBRATING THE 100TH BIRTHDAY OF VETERAN ROBERT TIF-FANY

HON. JIM BANKS

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Monday, January 10, 2022

Mr. BANKS. Madam Speaker, I rise today to honor the service of Mr. Robert E. Tiffany of Angola.

On Saturday, January 29, Robert will celebrate his 100th birthday. On behalf of the United States Congress, I want to congratulate him on this wonderful occasion. We hope his heart is filled with joy knowing he has experienced our country's greatest blessings, including the affection of family and friends over a long, well-lived life.

Our Nation owes Robert a debt of gratitude for his dedicated service to our country while serving in the United States Army Air during World War II. Like many of the Greatest Generation, he enlisted following the Japanese attack on Pearl Harbor. In piloting B-17s over Europe, Robert took part in the Allied strategic bombing campaigns against the German war machine. By the time he left the Army in 1944, he flew a total of 23 missions.

Following his departure from service, he returned home, where he established a career, raised a family and lived out the American Dream. This record is a testament to his service and an appeal to future generations of Americans, that they too may answer the call to help keep lit the torch of American liberty, just as Robert did.

May God Bless him, and may God Bless the United States of America.

RECOGNIZING THE LIFE AND CAREER OF DR. KEN HARVEY

HON. TRENT KELLY

OF MISSISSIPPI

IN THE HOUSE OF REPRESENTATIVES

Monday, January 10, 2022

Mr. KELLY of Mississippi. Madam Speaker, I rise today to celebrate the life and career of Dr. Ken Harvey who is retiring from medical practice after 37 years of serving the Tupelo community. I am so grateful for his dedication to keeping our State healthy and thank him for his lifetime of service.

Dr. Harvey is a native of Picayune, Mississippi where he graduated from Picayune High School in 1967. He went on to attend Mississippi College where he studied chemistry. He returned home to work in research at Crosby Chemicals. While there, he experienced an accident that introduced him to a doctor who inquired why he never considered medical school. He was skeptical at first, but eventually went on to attend the University of Mississippi School of Medicine and graduated in 1977. He stayed there for his residency in internal medicine. He attended on scholarship from the U.S. Air Force and was assigned to Columbus Air Force Base.

Upon completing his assignment, Dr. Harvey joined a practice in Tupelo founded by Drs. Tannehill, Lummus, Murphey and Wood. They were remarkably busy both in their clinic and at North Mississippi Medical Center. In 1993, these doctors formed the IMA Foundation and worked with North Mississippi Health

Services. Dr. Harvey is known for continuing to see patients long after their standard term of care. He still sees patients from his early days of practicing as well as patients from Columbus Air Force Base. He is truly dedicated to all he has worked with.

While Dr. Harvey has missed practicing medicine, he enjoys spending time with his wife of 46 years, Patricia, and their son Jeff. In his free time, he hopes to travel and enjoy Ole Miss sports.

I am grateful for the outstanding care Dr. Harvey has provided to North Mississippians for nearly four decades and wish him well in this new chapter of life.
